Security

Global Serve International uses industry standard security measures to protect against the loss, misuse and alteration of the information under our control. Although we make good faith efforts to store the information collected by Global Serve International in a secure operating environment that is not available to the public, Global Serve International cannot guarantee complete security. Further, while we take reasonable steps to ensure the integrity and security of our network and systems, we cannot guarantee that our security measures will prevent third-party "crackers" from obtaining this information.
